

CNano Appoints Tao Zheng as Chief Executive Officer

CNano Technology Limited (CNano) announced the appointment of Dr. Tao Zheng to the role of President and Chief Executive Officer.

Dr. Zheng most recently served as Chief Operations Officer in Cnano since August 2010. Prior to Join Cnano, he was China President of A123 Systems, one of the world's leading suppliers of high-power Lithium ion batteries for automobile, power grid and power tool applications. Dr. Zheng was the Founder and President of PowerGenie, one of the largest Lithium ion battery cathode material providers in China today. Dr. Zheng was also the Founder and CTO of Voltix Technologies, a lithium ion battery company, and was a research scientist at Telcordia (formerly Bellcore), where he engaged in development of Lithium ion batteries.

About CNano

CNano was founded in 2007 to change the economics of producing a wide range of applications based on extremely pure carbon nanotubes, focusing on energy storage and electronic applications. The company's headquarters are in Santa Clara, CA with manufacturing located in China. CNano has significant intellectual property, existing products, and established customers. It has received venture capital funding from CMEA Capital, Pangaea Ventures, WI Harper, and IDG Capital.
